

NHTSA can likely accommodate in-person training at the U.S. Department of Transportation Headquarters in Washington, DC, to those who require it. Interested participants should indicate their need for in-person training when they reserve a training session.

The agency wishes to minimize the administrative burden that Part 543.9(c)(2) could place on exempted vehicle manufacturers and itself. The agency did not intend in drafting Part 543 to require the submission of a modification petition for every change to the components or design of an antitheft device. The significance of many such changes could be *de minimis*. Therefore, NHTSA suggests that if the manufacturer contemplates making any changes, the effects of which might be characterized as *de minimis*, it should consult the agency before preparing and submitting a petition to modify.

Authority: 49 U.S.C. 33106; delegation of authority at 49 CFR 1.50.

Claude H. Harris,

Acting Associate Administrator for Rulemaking.

RIN 2127-AK72

Early Warning Reporting, Foreign Defect Reporting, and Motor Vehicle and Equipment Recall Reporting; Training Sessions

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Meeting Notice—Training Sessions for Online Recalls Portal.

SUMMARY: NHTSA is requiring manufacturers to submit recall reports and associated documents online through a web-based, Internet portal beginning August 2014. Through this portal, manufacturers will not only file new reports, but will update and amend those reports, file quarterly reports on the progress of their recall campaigns, submit copies of representative communications they issue to owners and dealers, and conduct a host of other routine filings and communications with the agency attendant to a safety recall campaigns. NHTSA will offer twenty (20) online training sessions to instruct manufacturer staff and representatives on how to obtain accounts and use the new portal between July 28, 2014, and August 8,

2014

DATES: The training sessions will be offered between July 28, 2014, and August 8, 2014. Participants must register by July 25, 2014. Specific training dates and times can be found in the **SUPPLEMENTARY INFORMATION** section below.

ADDRESSES: All training sessions will be instructor-led and online. The web address and passcode will be provided to registered participants before their selected session. Attendees must register by close of business July 25, 2014. To register please send an email to recalls.training@dot.gov with the names of your participants, company name, company location, desired training date, and session choice.

FOR FURTHER INFORMATION CONTACT: Alex Ansley, Safety Recall Specialist, NHTSA, Phone: 202-493-0481, Email: alexander.ansley@dot.gov.

SUPPLEMENTARY INFORMATION: On August 20, 2013, NHTSA published a final rule requiring manufacturers to submit required recall information through a web-based, Internet portal accessed through our Web site www.safercar.gov. See 78 FR 51382, 51403. Through this portal, manufacturers will not only file new part 573 reports, but will update and amend those reports, file quarterly reports on the progress of their recall campaigns, submit copies of representative communications they issue to owners and dealers, and conduct a host of other routine filings and communications with the agency attendant to a safety recall campaigns. Safety recall document submissions will only be accepted through the new Recalls Portal beginning August 20, 2014. After this date, recall document submissions will not be accepted by U.S. Mail, email, or facsimile. Online training sessions will be offered to any manufacturer personnel, representatives, and interested members of the public.¹ We recommend that manufacturer recall administrators and any persons that submit recall reports join a training session. We will offer two (2) types of training sessions: general sessions and specialty sessions. General sessions will be open to anyone and cover a broad range of scenarios and possible use-cases. Specialty sessions will also be open to anyone, but will be catered to certain types of manufacturers.

All training will be instructor-led

WebEx sessions. Each training session will be limited to fifty (50) registered participants.
