

## Global NCAP

### Objects

The objects of the Global New Car Assessment Programme (GNCAP) GNCAP are for the promotion of public safety and public health, for the protection and preservation of human life and for the conservation, protection and improvement of the physical and natural environment in particular by:

- (a) promoting and conducting independent research and testing programmes that will assess the safety and environmental characteristics of motor vehicles and their comparative performance and disseminating the results to the public; and
- (b) promoting the development of new car assessment programmes, by providing financial support and technical assistance, and facilitating international co-operation with and between such programmes.

### Governance

The Global NCAP is a UK company limited by guarantee (No: 075139000) and a registered charity (number: 1141798). Our [Memorandum & Articles of Association](#) is the governing document of the GNCAP. The Board of Trustees has also adopted a [policy on anti-bribery and corruption](#) and a [code of conduct for trustees](#).

### Trustees

The current Trustees of the GNCAP are:

Max Mosley - Chairman  
Guido Adriaenssens - Treasurer  
David Ward - Secretary  
Lauchlan McIntosh  
Claes Tingvall  
Adrian Lund

### Mission Statement

The GNCAP Trustees have adopted the following Mission Statement:

- GNCAP aims to support the development of new consumer crash test programmes in emerging markets where vehicle growth is strong but independent consumer information on crashworthiness is frequently not readily available. To achieve this GNCAP will offer support to New Car Assessment Programmes in emerging economies and regions by offering technical support guidance and quality assurance.
- GNCAP will also provide a platform for cooperation for NCAPs and like organisations around the world to share best practice, to further exchange information, and to promote the use of consumer information to encourage the manufacture of safer cars across the global automotive market.
- GNCAP will carry out research on innovations in vehicle safety technologies, their application in global markets, the range of policies that will accelerate their use and monitor the progress of vehicle safety

across the globe.

- GNCAP will also develop a global awards scheme to recognise achievement in vehicle safety, innovation in safety related technologies, and products.

Global NCAP is a member of the [UN Road Safety Collaboration](#) and supports the UN Decade of Action for Road Safety 2011-2020.

## Funding

The GNCAP is pleased to acknowledge funding support from the FIA Foundation for the Automobile and Society and International Consumer Research and Testing
