[Air Bags May Not Deploy in a Crash](#)

NHTSA Campaign Number: 17V686000

Manufacturer Mitsubishi Motors North America, Inc.

Components AIR BAGS

Potential Number of Units Affected 83,555

Summary

Mitsubishi Motors North America, Inc. (MMNA) is recalling certain 2014-2018 Mirage vehicles. The internal acceleration sensor in the Mitsubishi Electric Supplemental Restraint System (SRS) Electronic Control Unit (ECU) can misinterpret vibrations such as those from poor road conditions or a flat tire to be a sensor error thereby disabling the air bags from deploying in a crash.

Remedy

MMNA will notify owners, and dealers will reprogram the SRS-ECU software, free of charge. The recall is expected to begin in November 2017. Owners may contact MMNA customer service at 1-888-648-7820. MMNA's number for this recall is SR-17-006.
